ANDRIANOPLE IS STILL ON FIRE

the diplomat had just read in the morning papers of the mistake in Minister Leisbman's message, and was evidently greatly relieved. He talked freely of the present situation, and did not conceal the fact that he thought the outlook bad.

the present situation, and did not content the fact that he thought the outlook bad.

"Have you any idea what motive inspired the attack on Mr. Magelssen?"

Chekib Rey was asked.

"Despite the reports to the contrary," he replied, "and the efforts of the European powers to have it otherwise. I believe the affair was without political significance, and that the attack was made by a personal enemy of your viceoussu. The unfortunate part of it is, however, that coming at this time, the revolutionists will attempt to profit by the occurrence, and it is this which revolutionists will attempt to profit by the occurrence, and it is this which reders the struction grave."

"To you think your government realizes the seriousness of purpose with which the squadron goos to Belrut?"

"My government would be unwilling to believe that any but the hest relations existed between it and the United States, Of course, the worst may come and relations be broken off, but of not thinks, in a moning all the other way."

Chekib Bey said the Sutan had acceded to the American demands, and would carry out his promises, He referred to the missionary question, and "We have allowed the missionaries."

ceded to the American demands, and would carry out his promises, He referred to the missionary question, and said:

"We have allowed the missionaries great liberties and with what result? I am advised that certain missionaries, when they go to Turkey, are constantly arousing he Armenians against the Moslems. The Armenians against the Moslems. They even talk to the Armenians about exterminating uslices to rehelilou?

"Suppose I should establish in Washington a school for negroes, and my teachers should tell the negroes, and my fearly long, or that my school would fourish? This is a side of the question that is not often heard. But we have the missionariles, and my government currestly strives to protect them. It is merely justice, however, that when the missionary comes to Turkey he should confine himself to the religious and intellectual training of his pupils and one endeaver to make them dissatisfied with their present form of government. I am sure you cannot expect us to encurage the undermining of our government. "You ask me about the massicres in Turkey. These, unfortunately, eccup. Fit do they not occur in Christian lands. No one would be so foolish as to hold your government responsible every time a negro is lynched. Your government denjoire the massacres and we are doing all in our power to prevent them."

TAKES SERIOUS VIEW

Situation in Sultan's Dominions Very Much Disturbed.

Much Disturbed.

(Br Associated Press.)

OYSTER BAY, N. Y. August 29.—11 developed to-day that the cablegram from Minister Leishman, at Constantinople, transmitted late last night to President Roosevelt, contained, in addition to a statement of the incorrectness of the announced assassination of Vice-Consul Macissen, at Belrut, an important report upon the situation in the Ottoman Empire. Minister Leishman takes a serious view of the condition of affairs in Turkey. Practically the entire dominion of the Sultan is in a state of unrest, and in some parts the existing turbulence is equivalent to insurrection.

Minister Leishman apprehends serious trouble, and indicates his belief that American interests and American lives are in peril on account of the fanalcism of the Mussulman population.

The minister's report confirmed information received by President Roosevelt and Secretary Hay from unofficial sources. For these reasons it was decided by the President that Admiral Cotton's squadron should proceed to Turkish waters, in accordance with his original orders, notwithstanding the inaccuracy of the report of the assault on Consul Magelssen. In any event, that was regarded by this government only as an incident. The fact that the assault upon the consul was not attended by a fatal result simply modifies the action of the United States by removing one serious phase of a situation that otherwise may become intolerable very soon.

that otherwap some year years soon...

It has not been decided definitely whether or not Admiral Cotton's squadron will rendezvous at Beirui, as originally ordered. The destination of the vessels will be determined by the development of the Turkish situation.

WRONG CODE NUMBER

This Responsible for Report of Murder of Vice Consul,

of Vice Consul,

(By Associated Press.)

WASHINGTON, Aug. 23.—Sccretary-ofBlate Hay returned to his desk in the
State Department to-day. Mr. flay safe
that while uprisings in Turkish domain
were more or less chronic, the present
state of affairs assumes the proportions
of an insurrection of considerable magnitude. He would not disclose the text of
the cablegram received last night from
Minister Leishman, but said that the minister's advices were that the erroneous
report of the assassination of Mr. Magelssen was due to the use of the wrong
rode number and not to any error in translation. The information given in the cablegram was that the governor called at the
consulate and ordered prompt action and
would make every effort to find out and
punish the would-be assassin. Mr. Leishman further advised the Secretary that
several of the consulates have reported
to their governments that the condition
of the city of Beirut at the present moment is unsafe.

DANGER OF UPRISING

Situation is Not So Grave, However, as Was Reported.

Was Heported.

(By Associated Press.)

WASHINGTON, Aug. 29.—The State Department to-day received a cablegram from Minister Leishman, in which he stated that advices from the American consuls at Harpoot and Beirut were to the effect that while the Americans in those places are in danger of suffering from an apprising at any time the situation was not at the time of sending the dispatches

as grave as earlier reports would indicate. Mr. Leishman has been instructed to notify the Turkish government that it must keep the peace and that it will be held to a strict accountability for any lawiess acts toward American citizens. The Navy Department has received a cablegram from Rear-Admiral Cotton saying that the Brooklyn and San Francisco will sail from Genea for Beirut Sunday, They have been delayed by conling. The order for them to proceed to Beirut has not been changed.

Acting-Secretary Darling to-day sent a cablegram to Bear-Admiral Cotton informing him that Vice-Consul Magelssen had not been killed, but had been fired upon. This was done to apprise the commanding officer of the squadron of the true situation at Beirut. The collier Alexander to-day was reported at Malta on her way to Malla with coal for the Asiatte station. She will next report at Port Said and if the exigency is then necessary, she will be held to supply the cruisers of the European squadron with coal.

LEISHMAN'S MESSAGE

Full Text Made Public in Washington Yesterday.

Yesterday.

(By Associated Press.)

WASHINGTON, D. C., August 29.—The full extent of the dispatches of Minister Leishman, bearing on the Magalssen affair, with the exception of the one received last night, says that the vice-quisul had not been killed, was made public to-day. The substance of these dispatches has been published, with the exception of this paragraph in a message dated August 27th:

"The troubles in Maccdonia become worse and more extended each day, and outside of the necessity which may present itself of sending a/ship to Beirut to force a proper (word omitted), it seems to me advisable to keep a whip within easy range of Turkish waters in order to be in a position to more fully protect American citizens should the revolution assume more alarming proportions."

(By Associated Press) GENOA, Aug. 29.—The United States unboat Machina left here to-day bound for Belriu. She was saluted by the italian boats, whose crews wished her

FULTON SEEMS TO LEAD

But the Race Between Him and Capt R. S. Parks is Close.

The primary in the counties of Clarke, Warren and Page, comprising the Twelfth Senatorial District, was held yesterday, with Captain Richard S. Parks, of Page, with Captain Richard S. Parks, of Page, and Hon, M. J. Fulton, of Clarke, as candidates for the nomination as successor to Senator Thomas D. Gold. The latest reports from the three countles are not sufficiently definite to ascertain the result, but the indications are that the two have made a very close race, and that the majority will be small. Captian Parks, who represented his county in the Constitutional Convention, polled a very handsome vote in his home county, securing all but about twenty-five of the 840 votes recorded. The total Democratic vote of the county for President was but 1,166, and to poll over \$90 of these in a primary is a fine showing. Mr. Fulton carried Clarke county by about 150 majority testimated) and Warren by about partied Clarke county by about 150 ma-forlty (estimated) and Warren by about 79 (estimated), a total of about 900, With Parks' majority in Page slightly over eight hundred. Mr. Fulton would seem to have the nomination, unless the reports sem out from Front Royal fall to materialize. In any event the con-test is a close one, and Mr. Fulton, if nominated, will hardly have more than one hundred majority. He is the law partner of Mr. D. C. O'Flaherty, of this city.

The race between Messys. J. Hunton Wood, of Ruppahannock, and R. A. Bickers, of Page, is forced, for the result-many carried bis county by a happen carried bis county by a happen carried by county by a happen could detailed voto to positively accertain the result.

In any event the district is a close one

the result.

In any event the district is a close one
in a general election, Page being heavily
Republican, and the nominee will have
a hard light on his hands to win.

JURY WOULD NOT HANG A WOMAN

(Special to The Times-Dispatch.)
GREENSBORG, N. C., August 29.—The jury in the case of Mary Lotta, on trial ter the murder of her husband, after being out from 5 o'clock yesterday, returned a verdet of murder in the second degree this morning. Judge Brown sentenced her to therty years in the penitentary, the full limit of the law. The murder was a most diabolical one, but the jury took the privilege of returning a yerdet which would prevent the hanging of a woman, whose whole conduct has shown her to be weak-minded, if not insane.

GEORGIA MARKSMEN WON THE TROPHY

(By Associated Press.)

SAVANNAH, GA., August 29.—The Interstate shoot closed this afternoon. The Marks trophy, match was shot by three teams, two from Georgia and one from the United States Marine Corps, The Georgia team won on a total of 254 eut of 375.

The second Georgia team stood second

Georgia team won on a total of 294 surfor 375.

The second Georgia team stood second and the Marine Corps third.

The Leys medal went to Lleutenant R.
J. Travis on a score of 64 out of a possible 70 at the 200 and 200-yard ranges. He also won a prize at 200 yards, making seven straight buils' eyes.

W. T. Dixon won the revolver match cup by a score of 505, with W. G. Austingeond, with 505. Another pistol matter of the military championship was won by Austin on a score of 145 against. By Dixon. Austin also won the Theus, the Estill and the Myers medals.

CHALLENGE ISSUED

TO ALL PACERS

READVILLE. MASS., Aug. 29.—The Grand Circuit races at Readville were declared off to-day on account of rain, with the exception of "The Neponsett" stake for \$1,000, in which pacers eligible to the 2:10 class last spring, were entered. This event will be raced Monday forenoon. This afternoon, Mart de Marest, driver of Prince Alert. 2:00, issued a challenge to any pacer in the world for a race for from \$15,000 to \$25,000, the match to be best two in thre heats' or three in five, the latter preferred.

VIRGINIA AT THE

herticultural exhibit, but this will be one of the best features of the State's representation. Mr. Murrell is himself a progressive fruit grower, and has taken great interest in Virginn's hortivaltural products. The crops of fruits of various kinds this year is one of the largest and best in point of quality of recent years and will enable the commission to have a fine array from which to select. Colonel A. M. Bowman, a member of the commission, is also one of the largest orchardists in the East, and is taking an especial interest in this feature of the exhibit.

CREDITABLE EXHIBIT.

orchardists in the feature of the exhibit.

CREDITABLE EXHIBIT.

Altogether, Virginia will have one of the most complete and creditable exhibitions at the great exposition. Certainly, considering the amount of money available, it will be the equal of any.

Superintendent Murrell will soon open his office in this city and assume charge, receiving and preparing the exhibits and directing his correspondence from this city. He will be located at the offices on Governor Street, near Main, where already a number of agricultural specimens have been collected. The commissioners are all working hard to advance the interests of the State in this connection, and all believe that the exhibit will be worth to the State the sum expended.

Mr. William Shields McKent, secretary of the Jofferson Momorfal Association, appeared before the commission in the matter of having the same date agreed upon as Virginia and Jofferson day, and suggested October 10th, the anniversary of Cornwallis surrender. The commission deemed it premature to take any action at this time, especially in view of the absence of the Governor, who will naturally be consulted in the selection of Virginia day. Mr. McKenn will meet again with the commission on September 22d, and at that time a date will be agreed upon.
